

Washington, D.C. 20505

OGC 78-7486  
9 November 1978

Keith Raffel  
Senate Select Committee on Intelligence  
New Senate Office Building  
Washington, D.C.

Dear Keith:

As an additional detail in the continuing saga of Title IV, I have been advised that Section 424(3) should more providently authorize;

to provide and receive technical information of assistance to or from the Passport Office of the Department of State, the Immigration and Naturalization Service, and other federal agencies outside the Intelligence Community, in carrying out authorized responsibilities.

In addition, I note that the reference to subsection (a) in Section 421(e) no longer makes sense and should be deleted.

Very truly yours,

STAT

Assistant General Counsel

MORI/CDF
